Detail-oriented Administrative Assistant & Creative Support Specialist with a strong focus on workflow optimization, data organization, and digital maintenance. Adept at managing daily business tasks, streamlining email/calendar systems, and maintaining a clean, modern online presence. Committed to delivering reliable, proactive support that frees up business owners to focus on growth.

PROFESSIONAL PROFILE

Reliable and organized Administrative Assistant & Creative Support Specialist dedicated to streamlining business operations. Adept at managing email inboxes, ensuring accurate data entry, and handling daily administrative workflows with sharp attention to detail. Passionate about maintaining clean digital platforms and delivering proactive, dependable support so business owners can focus on scaling.

ADMIN SUPPORT PROJECTS

- Practiced data entry, spreadsheet organization, and record management using Google Sheets and Microsoft Excel.
- Managed sample email inboxes, organized folders, and created email templates to improve workflow efficiency.
- Developed organizational systems for task tracking, scheduling, and document management using Google Workspace tools.
- Created social media graphics and content using Canva to strengthen digital communication skills.
- Continuously learning administrative support, virtual assistance, and productivity tools through self-directed training and online courses.
